

Refuse Collection Transitioning to Waste Management Beginning January 1, 2023

January 1, 2023, will see the transition of refuse collection from the Town to Waste Management (WM). Important notes for the service provision are summarized below. The Town negotiated for favorable terms to minimize impact on residents. There will be no change in your tax bill for 2023; in 2024 and beyond you will see a refuse/garbage fee listed.

The schedule for collection will not change. Your refuse will get picked up the same day as now.

You will keep your Town of Cedarburg refuse cart(s), there will be NO swap out!

You are allowed to have no more than (2) refuse carts out for collection. These are in addition to your bi-weekly recycling collection.

If you want a second cart you can contact WM. They will provide an additional cart for an annual fee of \$60. Sizes of 96, 64 or 35 gallon carts will be available.

In addition to the Town bulk item collection option (\$90 per 15 minutes), WM will offer this service for \$30 per item, directly scheduled through their office.

WM will replace broken carts for free!

Bulk Item Event: WM will provide one event each year supplying three dumpsters for residents to drop off bulk items at no charge.

MORE INFO COMING SOON!
An informatinal flyer will be mailed to all residences with a collection schedule and other specifics in December.
